

Aviat Networks Awarded Microwave Business with State of Alaska

January 30, 2019

Upgrades Capacity and Services on Mission Critical State-Wide Network

MILPITAS, Calif., Jan. 30, 2019 /PRNewswire/ -- Aviat Networks, Inc. (NASDAQ: AVNW), the leading expert in microwave networking solutions, today announced a new public safety communications project with the State of Alaska. The State will purchase microwave hardware and software required to upgrade police, fire and emergency communications.

The State of Alaska will deploy Aviat's IRU 600 EHP all-indoor mission critical microwave radios for the highest capacity, most reliable and secure public safety implementation. Aviat will also deliver CTR 8500 transport routers to support Ethernet-based services and ensure the State is prepared for future networking enhancements.

"We are excited to announce yet another state-wide public safety network," states Michael Pangia, president and CEO, Aviat Networks. "This award demonstrates the strength of Aviat's value proposition and our commitment to our public safety customers."
