

Aviat Networks Announces Fiscal Fourth Quarter 2010 Financial Results

Details Operational and Strategic Plans

SANTA CLARA, Calif., Aug 25, 2010 /PRNewswire via COMTEX News Network/ -- Aviat Networks, Inc. ("Aviat," Nasdaq: AVNW), a leading wireless expert in advanced IP network migration, today reported financial results for the fourth quarter and fiscal year 2010, which ended July 2, 2010.

Revenue for the fourth quarter of fiscal 2010 was \$116.3 million, compared with \$135.2 million in the year ago period. Net loss was \$88.8 million, or \$1.49 per share, compared with a net loss of \$3.4 million, or \$0.06 per share, in the year ago quarter. The results in the fourth quarter of fiscal 2010 include \$71.1 million of impairment charges for intangible assets and property, plant and equipment.

Cash equivalents and short-term investments were \$141.7 million, compared with \$140.5 million in the prior quarter. The Company generated positive operating cash flow of \$6.5 million in the quarter due to continued focus on cash management during the period.

Non-GAAP Financial Results

Non-GAAP net loss for the quarter was \$7.5 million, or \$0.13 per diluted share, compared with non-GAAP net income of \$5.1 million, or \$0.09 per diluted share, in the year ago quarter. Non-GAAP results exclude \$83.5 million of pre-tax charges comprised primarily of a \$75.3 million related to intangible assets and property, plant and equipment and software impairment charges, \$5.1 million of restructuring and stock compensation expense and \$3.2 million for amortization of purchased intangibles and partially offset by \$2.2 million in gains from settlement of the Telsima acquisition purchase price and the sale of the San Antonio facility.

A reconciliation of GAAP to non-GAAP financial measures is provided on Table 4 along with the accompanying notes.

Fourth Quarter Revenue by Segment

Revenue in the North America segment was \$38.1 million in the fourth quarter of fiscal 2010, compared with \$59.4 million in the year ago period. International revenue was \$78.2 million, compared with \$75.8 million in the year ago period.

Fiscal 2010 Results

For fiscal year 2010, the Company reported revenue of \$478.9 million, compared with revenue of \$679.9 million in the prior year. Net loss for fiscal year 2010 was \$130.2 million, or a loss per share of \$2.19, compared with a net loss of \$355.0 million, or a loss per share of \$6.05 for fiscal year 2009. On a non-GAAP basis, net loss was \$14.2 million or \$0.24 per diluted share compared with net income of \$28.3 million or \$0.48 per diluted share in the prior year period. Fiscal year 2010 non-GAAP results exclude \$119.8 million of pre-tax charges comprised primarily of \$75.9 million related to intangible assets and property, plant and equipment and software, impairment charges, \$10.3 million of restructuring and stock compensation expense, \$16.9 million in charges for product transition, \$13.8 million for amortization of purchased intangibles, \$2.7 million for Harris transitional and rebranding costs and partially offset by \$2.2 million in gains from settlement of the Telsima acquisition purchase price and the sale of the San Antonio facility.

"While the overall economic environment had an adverse impact on our business in fiscal 2010, we have recently begun to implement significant and meaningful strategic and operational changes that will allow Aviat Networks to stabilize revenues and form a foundation - based on our core competencies - upon which we can resume profitable growth," said Chuck Kissner, Chairman and CEO of Aviat Networks. "In addition to implementing our restructuring plan, as we had announced, we have finalized several aspects of our strategic plan. Where the restructuring plan reduces costs, streamlines our business and restores future profitability, our strategic plan refocuses our programs, optimizes our product portfolio and prioritizes key markets where we have a competitive advantage to drive long-term sustainable revenue growth."

"During the quarter, as planned, we implemented a change to our revenue recognition standards, ASU 2009-13 and ASU 2009-14," said Tom Cronan, CFO of Aviat Networks. "In addition, we incurred several charges totaling \$83.5 million, including \$75.9 million related to intangible assets and property, plant and equipment and software impairment charges. With these changes and charges behind us, we can focus on executing our strategic and operational plan for fiscal 2011. With our new operating model, strong balance sheet and consistent cash flow generation, we believe we are well-positioned to resume profitable growth once our restructuring actions are complete."

Strategic Plan

The Company has identified several elements of its going-forward strategic plan which will be complete in September. It will:

- Accelerate innovation in wireless transmission, including microwave backhaul, in order to extend its performance leadership over competitive solutions
- Realign its WiMAX business to become more complementary with and integral to its wireless transmission offerings
- Expand its solutions orientation, increasing focus on its services business, specifically network operations management and network design and installation

Operational Objectives for 2011

The Company has established four key objectives for fiscal 2011. They are to:

- improve operational efficiency,
- improve its ability to serve its customers as a strategic vendor,
- focus on innovation in the Company's areas of core competency,
- and achieve profitability post-restructuring.

Outlook

Based on current backlog, business trends and taking into account operational changes and the uncertain macro-economic environment, we believe revenue will be in the range of \$100 million to \$120 million in the first fiscal quarter of 2011.

Non-GAAP Measures and Comparative Financial Information

Aviat Networks, Inc. reports information in accordance with U.S. Generally Accepted Accounting Principles ("GAAP"). Management of Aviat Networks monitors revenues, cost of product sales and services, research and development expenses, selling and administrative expenses, operating income or loss, tax expense or benefit, net income or loss, and net income or loss per share on a non-GAAP basis for planning and forecasting results in future periods, and may use these measures for some management compensation purposes. These measures exclude certain costs, expenses and gains as shown on the attached GAAP reconciliation table. As a result, management is presenting these non-GAAP measures in addition to results reported in accordance with GAAP to better communicate underlying operational and financial performance in each period. Management believes these non-GAAP measures provide information that is useful to investors in understanding period-overperiod operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any given period. Management also believes that these non-GAAP measures enhance the ability of an investor to analyze trends in Aviat Networks' business and to better understand our performance.

Aviat Networks' management does not, nor does it suggest that investors should, consider such non-GAAP financial measures in isolation from, or as a substitute for, financial information prepared in accordance with GAAP. Aviat Networks presents such non-GAAP financial measures in reporting its financial results to provide investors with an additional tool to evaluate the Company's financial performance. Reconciliations of these non-GAAP financial measures with the most directly comparable financial measures calculated in accordance with GAAP are included in the tables below.

Forward-Looking Statements

The information contained in this document includes forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995, Section 21E of the Securities Exchange Act and Section 27A of the Securities Act. All statements, trend analyses and other information contained herein about the markets for the services and products of Aviat Networks and trends in revenue, as well as other statements identified by the use of forward-looking terminology, including "anticipated", "believe", "plan", "estimate", "expect", "goal", "will", "see", "continues", "delivering", "view", and "intend", or the negative of these terms or other similar expressions, constitute forward-looking statements. These forward-looking statements are based on estimates reflecting the current beliefs of the senior management of Aviat Networks. These forward-looking statements involve a number of risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. Forward-looking statements should therefore be considered in light of various important factors, including those set forth in this document. Important factors that could cause actual results to differ materially from estimates or projections contained in the forward-looking statements include the following:

- continued weakness in the global economy affecting customer spending;
- continued price erosion as a result of increased competition in the microwave transmission industry;
- the volume, timing and customer, product and geographic mix of our product orders may have an impact on our operating results;
- the ability to maintain projected product rollouts, product functionality, anticipated cost reductions or market acceptance of planned products;
- the ability to retain key personnel;
- the ability to achieve business plans for Aviat Networks;
- the ability to manage and maintain key customer relationships;
- uncertain economic conditions in the telecommunications sector combined with operator and supplier consolidation which makes it difficult to estimate growth;
- future costs or expenses related to litigation;
- the ability of our subcontractors to perform or our key suppliers to manufacture or deliver material;
- customers may not pay for products or services in a timely manner, or at all;
- the failure of Aviat Networks to protect its intellectual property rights and its ability to defend itself against intellectual property infringement claims by others;
- currency and interest rate risks;
- the impact of political, economic and geographic risks on international sales.

For more information regarding the risks and uncertainties for our business, see "Risk Factors" in our form 10-K filed with the U.S. Securities and Exchange Commission ("SEC") on September 4, 2009 as well as other reports filed by Aviat Networks, Inc., previously known as Harris Stratex Networks, Inc., with the SEC from time to time. Aviat Networks undertakes no obligation to update publicly any forward-looking statement for any reason, except as required by law, even as new information becomes available or other events occur in the future.

RECONCILIATION OF NON-GAAP FINANCIAL MEASURES AND REGULATION G DISCLOSURE

To supplement our consolidated financial statements presented in accordance with accounting principles generally accepted in the United States (GAAP), we provide additional measures of revenue, cost of product sales and services, gross margin, research and development expenses, selling and administrative expenses, operating income (loss), income (loss) before income taxes, income taxes, net income (loss), and net income (loss) per basic and diluted share adjusted to exclude certain costs, charges, gains and losses, including such amounts related to our merger with Stratex Networks. Aviat Networks, Inc. ("we" or "our") believes that these non-GAAP financial measures, when considered together with the GAAP financial measures provide information that is useful to investors in understanding period-over-period operating results separate and apart from items that may, or could, have a disproportionate positive or negative impact on results in any particular period. We also believe these non-GAAP measures enhance the ability of investors to analyze trends in our business and to understand our performance. In addition, we may utilize non-GAAP financial measures as a guide in our forecasting, budgeting and long-term planning process and to measure operating performance for some management compensation purposes. Any analysis of non-GAAP financial measures should be used only in conjunction with results presented in accordance with GAAP. A reconciliation of these non-GAAP financial measures with the most directly comparable financial measures calculated in accordance with GAAP follows.

Notes to Table 4:

Note A - Cost of sales and services - Includes adjustment to cost of product sales and services for the fourth quarter of fiscal 2010 to remove a \$1.0 million gain on sale of land and building in San Antonio and to remove share-based compensation expense (\$0.1 million).

For the fourth quarter of fiscal 2009, includes adjustment to cost of product sales and services to remove purchase accounting adjustments for the amortization of the step-up in the value of fixed assets (\$0.1 million) and adjustment to remove share-based compensation expense (\$0.2 million).

Note B -Amortization of purchased technology -Adjustment for the fourth quarters of fiscal 2010 and 2009 to remove amortization of purchased intangibles.

Note C - Research and development expenses - Adjustment for the fourth quarter of fiscal 2010 to remove non-cash share-based compensation expense of \$0.2 million.

For the fourth quarter of fiscal 2009, adjustment is to remove non-cash share-based compensation expense of \$0.2 million.

Note D - Selling and administrative expenses - Includes adjustment for the fourth quarter of fiscal 2010 to remove non-cash share-based compensation expense (\$1.0 million) and various charges for lease and other asset impairments (\$3.4 million). Also includes adjustments to remove expenses related to rebranding in connection with the change in Company name required by the license agreement termination notice from Harris Corporation (\$0.3 million). Also includes \$1.8 million to remove severance costs accrued for the former CEO.

For the fourth quarter of fiscal 2009, includes adjustment to remove purchase accounting adjustments related to the amortization of the step-up in the value of fixed assets (\$0.1 million) and non-cash share-based compensation expense (\$0.6 million).

Note E -Amortization of intangible assets -Adjustment for the fourth quarter of fiscal 2010 and 2009 to remove amortization of purchased intangibles.

Note F - Intangible assets, goodwill and other impairment charges - Adjustments for the fourth quarter of fiscal 2009 to remove impairment charges.

Note G -Restructuring charges -Adjustment to remove charges for restructuring incurred during the fourth quarters of fiscal 2010 and 2009.

Note H -Other income -Adjustment to remove a \$1.2 million gain on

the settlement of purchase price for the Telsima acquisition.

Note I -Provision for income taxes -Adjustment to reflect a zero percent pro forma tax rate for the fourth quarter of fiscal 2010 and a pro forma 4 percent tax rate for the fourth quarter of fiscal 2009. We estimate zero tax expense for the fourth quarter of fiscal 2010 due to recording net losses in fourth quarter of fiscal 2010.
